***قطعة خارجية مع الترجمة:**

My uncle is a shopkeeper. He has a shop in an old village by the river Thames near Oxford. The shop sells a lot of things – bread, milk, fruit, vegetables, newspapers – almost everything! It is also the village post office. The children in the village always stop to spend a few pence on sweets or ice-cream on their way home from school. My uncle doesn't often leave the village. He hasn't got a car, so once a month he goes by bus to Oxford and has lunch at the Grand Hotel with some friends. He is one of the happiest men I know.
